This form must be completed, signed & dated before we can make custom chaps/chinks.

IMPORTANT INSTRUCTIONS

1. Upper thigh refers to largest part of thigh.

2. Waist measurement usually refers to upper hip area where chaps are buckled around. If you wear your chaps higher, please note when ordering.

3. You must have someone other than yourself take chap measurements.

4. The boots you wear to ride should be worn when taking measurements.

5. Jeans measurements are not acceptable.

6. Inseam measurement extends from crotch to floor.

7. Outseam measurement begins at top edge of chap and extends to the floor. This measurement equals entire length of chaps from top edge of chaps to bottom edge of fringe.
